

MINIBOND 520 Laminator

The Mini Bond 520 Celloglazing machine is a proven solution, allowing easy lamination for digitally and offset printed applications up to 485mm wide. This compact machine has a convenient one person operation with an accurate belt fed system, built in de-curl unit and rewind drum. This 520mm wide machine has been designed to laminate SRA3 sheets landscape, resulting in increased efficiency and high quality finish. Capable of single and double sided celloglazing, the Mini Bond 520 is perfect for laminating business cards and covers and is a great addition to any print room.
