PROFESSIONAL METALLIC PEARL HIGH GLOSS PHOTO PAPER 290

glossy 4801, 290 g/m²

First class photo paper with an exquisite sheen for extravagant photographic applications

Whether for weddings, fashion or technical photography, some motives simply demand a truly special paper. PROFESSIONAL Metallic Pearl High Gloss Photo Paper 290 lends pictures a fascinating pearlescent sheen, flawless gloss and unique depth. Thanks to an excellent high resolution, prints display perfect sharpness. It is perfect for images showing shiny fabrics, metals, glass, jewellery and people. This photo paper is also suitable for sheet fed printing with DryLab inkjet printers.

Advantages

- Brilliant colours, fine colour tone differentiation and natural rendering of skin tones
- Optimum contrast is ensured by high maximum densities and the neutral inherent tone of the paper
- Very good long-term stability
- Completely odourless
- Wipeable and splashproof
- Instant dry
- FSC® certified

Das Zeichen für verantwortungsvolle Waldwirtschaft

General tips

The ideal storage conditions are a relative humidity of 35-65% and temperatures of 10-30°. Lamination is recommended to secure long-lasting unchanged image quality because catalytic processes initiated by atmospheric components deteriorate dye colors with time (not valid for pigments). We recommend that cotton gloves are worn to prevent the transfer of dirt, moisture and oils from the skin, as these can greatly impair the print quality.

Physical data

Name	Value	Norm
Weight [g/m ²]	290	ISO 536
Thickness (paper) [µm]	270	ISO 534
Opacity [%]	> 97	ISO 2471
Chromaticity (D50/2°) M0	L* 90 / a* 0.8 / b* -5	ISO 13655, M0
