

3334 TrueColor Paper 160 matt

VERY HIGH RESOLUTION INKJET COATED PAPER · FSC CERTIFIED · 160 G/M²

Very high resolution inkjet coated paper for high ink limit printings — final plots, advertising and demanding graphic applications. Exceptional brightness and wide colour gamut.

APPLICATIONS

Final Plots & Technical Drawings

Very high resolution output for demanding technical applications.

Advertising & POS Displays

Vivid colours and high ink limit for impactful promotional prints.

Posters & Presentations

Wide colour gamut and optical densities for high-quality graphics.

FEATURES

Wide Gamut & High Optical Densities

Vivid colours and impressive deep blacks for maximum visual impact.

High Ink Limit

Supports demanding high ink load without saturation.

Instant Dry

Prints dry immediately, optimising production workflow.

Smooth Surface

Consistent high-quality surface for sharp detail and accurate colour.

Water Resistant

Suitable for environments requiring moisture resistance.

Exceptional Laminate Receptivity

Outstanding hot and cold laminate adhesion for premium finishing.

FSC Certified

Paper sourced from responsibly managed forests.
