

6931 NON-WOVEN DESIGN2WALL WHITE SOL 195 MATT

Matt 6931 – 195 g/m²

This wallpaper is a high quality non-woven wallpaper coated with a solvent, latex, UV inks receptive layer. The coating offers a higher opacity and higher whiteness. Due to the properties of this wallpaper, no additional protection is needed and it can be hung with standard non-woven wallpaper paste.

Advantages :

- ✓ White smooth surface with matt finishing
- ✓ Easy to remove
- ✓ Higher opacity for good covering - Covers small cracks
- ✓ High dimensional stability and wet strength resistance
- ✓ Can be applied with standard glue for non-woven wallpaper
- ✓ PVC-free - FSC certified

Applications :

- Interior Design: Ideal support for decoration on walls and other surfaces.
- For classic, vintage wallpaper style image and other artistic designs

Compatibility :

- Latex, Solvent & Ecosolvent, UV, UV Gel, Resin

Finished rolls dimensions :

- 914mm x 51m
- 3" core
- 24 rolls per pallet
