Non-Woven Design2Wall White Sol 195 matt

HIGH OPACITY NON-WOVEN WALLPAPER · SOLVENT, LATEX & UV · 195 G/M²

High-quality non-woven wallpaper coated with a solvent, latex and UV ink receptive layer. The coating offers higher opacity and higher whiteness for superior wall coverage. No additional protection needed — can be hung with standard non-woven wallpaper paste.

APPLICATIONS

Interior Design & Decoration

Ideal support for personalized wall decoration on all interior surfaces.

Classic & Vintage Wallpaper Styles

Perfect for reproducing traditional, vintage and artistic wallpaper patterns.

Commercial Spaces

Wall coverings requiring high opacity and white base for vivid colour output.

FEATURES

White Smooth Matte Surface

Higher whiteness base for superior colour brilliance and accurate reproduction.

Higher Opacity

Excellent wall coverage; conceals small cracks effectively.

Easy to Remove

Clean, damage-free removal from walls.

Standard Non-Woven Paste Application

No special adhesive required.

PVC-Free · FSC Certified

Environmentally responsible.
