Non-Woven Design2Wall Sol 180 Pearl

PEARLESCENT NON-WOVEN WALLPAPER · SOLVENT, LATEX & UV · 180 G/M²

High-quality non-woven wallpaper coated with a solvent, latex and UV ink receptive layer incorporating a pearl pigment. The coating offers higher opacity and a distinctive pearlescent finish. No additional protection needed — can be hung with standard non-woven wallpaper paste.

APPLICATIONS

Modern & Artistic Wallpaper Designs

The pearl pigment creates unique iridescent effects depending on printing colours — ideal for contemporary and artistic interiors.

Interior Decoration

Ideal support for decoration on walls and other surfaces.

Luxury & Premium Spaces

The pearlescent finish adds a premium aesthetic to residential and hospitality environments.

FEATURES

Pearlescent Surface

Pearl pigment in the coating creates variable iridescent effects depending on printing colours.

Higher Opacity

Excellent wall coverage; conceals small cracks.

Easy to Remove

Clean, damage-free removal from walls.

Standard Non-Woven Paste Application

No special adhesive required.

PVC-Free · FSC Certified

Environmentally responsible.
