

HP PVC-free Wall Paper

This product is compatible only with HP large format printers using HP Latex Inks and HP UV-curable inks

The HP large format printing system—the complete solution

HP Latex, HP DesignJet, and HP Scitex printers, Original HP inks and printheads, and Original HP printing materials are designed to work together as a system to provide reliable, consistent results with every print.

Differentiate with PVC-free¹ wall murals

Differentiate with environmental certifications

Offer bold wall decorations and more—provide reassurance with environmental certifications and responsible sourcing. Odorless displays are UL GREENGUARD GOLD Certified² and meet AgBB criteria³ using this FSC®-certified paper.⁴

Be productive—easy to print, install, and remove

Maintain high productivity in your printshop and offer your customers an easy-to-use solution. This wall paper goes up—and comes down—with water, and it comes with an HP warranty.⁵

Boldly define interior spaces—see the ColorPRO difference

See high-impact graphics with an extended range of colors. Engineered with ColorPRO Technology to deliver color excellence, this digital wall mural solution from HP delivers professional quality and striking results.

| Target customers | Applications | Benefits |
|-------------------------|------------------------------|--|
| Print service providers | Wall murals | PCV-free ¹ alternative, easier to dispose of than most PVC-based substrates |
| | Creative design applications | Mold and mildew resistant ⁶ |
| | | Vivid color, high-definition detail |
| | | Ultra-smooth finish |
| | | Over 60 years indoor display permanence, behind glass ⁷ |
| | | Prepaste facilitates easy application |
| | | Strippable and easy to remove, with an HP warranty ⁵ |
| | | Flame resistant ⁸ |
| | | Carries the CE mark ⁹ |

Technical specifications

Eco Highlights

- FSC®-certified paper from well-managed forests
- Paper contains 10% recycled content from post-consumer waste
- When printed with HP Latex Inks, the prints produced:
 - Are odorless
 - Are UL GREENGUARD GOLD Certified¹
 - Meet AgBB criteria for health-related evaluation of VOC emissions of indoor building products²

| Warranty | HP offers a range of self-adhesive materials with warranties that guarantee these products to be free of material or coating flaws and defects that affect the final use of the print and meet HP published specifications. These warranties also cover key performance characteristics such as display permanence and easy removal from specified surfaces. ⁵ Some warranty limitations apply, see the Limited Warranty statement at HPLFMedia.com/hp/MediaWarranties . To obtain warranty service, please contact Brand Management Group customer support at HPLFMedia.com/hp/en/contactus . | | |

¹ Chemical analysis demonstrated elemental chlorine to be below 200 ppm. Presence of chlorine is attributed to residual chlorine used in the papermaking process, and not due to the presence of PVC.

² HP PVC-free Wall Paper printed with HP Latex Inks is UL GREENGUARD GOLD Certified. UL GREENGUARD GOLD Certification to UL 2818 demonstrates that products are certified to UL's GREENGUARD standards for low chemical emissions into indoor air during product usage. For more information, visit ul.com/gg-or-greenguard.org.

³ HP PVC-free Wall Paper printed with HP Latex Inks meets AgBB criteria for health-related evaluation of VOC emissions of indoor building products. See umweltbundesamt.de/en/topics/health/commissions-working-groups/committee-for-health-related-evaluation-of-building.

⁴ BMG trademark license code FSC®-C115319, see fsc.org. HP trademark license code FSC®-C017543, see fsc.org. Not all FSC®-certified products are available in all regions.

⁵ HP PVC-free Wall Paper can be easily removed from the wall. Residual adhesive can be easily wiped clean with water and a sponge. Some warranty limitations apply, see the HP PVC-free Wall Paper warranty statement at HPLFMedia.com/hp/MediaWarranties.

⁶ With HP Latex Inks. UL GREENGUARD Found HP PVC-free Wall Paper, which is designed with a breathable construction, to be mold and mildew resistant using test method GGT.M.P040 and following the guidelines of ASTM D 6329. See greenguard.org/en/CertificationPrograms/listingprograms_copy1/CertificationPrograms_microbialProgram.aspx. No products are mold proof. It is uncertain that any material will resist mold or mildew indefinitely.

⁷ With HP Latex Inks. Display permanence rating for interior displays/away from direct sunlight, by HP Image Permanence Lab. See HPLFMedia.com/hp/printpermanence.

⁸ Class A, B1, EN 13501, M1, and ISO 5660-1:2002 approved fire certifications.

⁹ According to European Standard EN 15102.

¹⁰ Interior in-window display ratings by HP Image Permanence Lab on a range of media including HP printing materials. See HPLFMedia.com/hp/printpermanence.

¹¹ Water resistance testing by HP Image Permanence Lab on a range of media including HP media; water resistance is comparable to eco- and low-solvent inks when printed on water-resistant substrates. Water resistance testing follows ISO 18935 method. Results may vary based on specific media performance. See HPLFMedia.com/hp/printpermanence.

Note: Not all FSC®-certified products are available in all regions.
