Lamination system

totalimage SUPPLIES

Sign Easy
1600 PRO S2

A complete redesign has raised the bar for mid-sized laminators. Now featuring larger 130mm silicone rollers with infrared heating to 125°C.

It has also gained fully adjustable pneumatic roller controls. Some big features have also come across from the SignMaster range including a rear control panel, auto stop, meter counter along with increased speed for a productivity win!

Laminating just became even easier!
